

**ABAJA TRADING  
EST.**

# TRADING CATALOGUE

## ELECTRICAL ITEMS

Poles— Wooden / Galvanized

Grounding Materials

Insulators

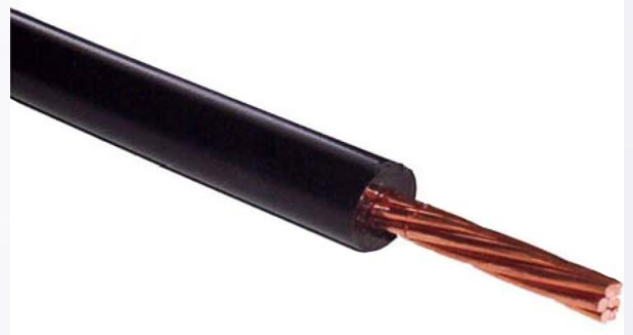

Transformer Rectifier

## CATHODIC PROTECTION ITEMS

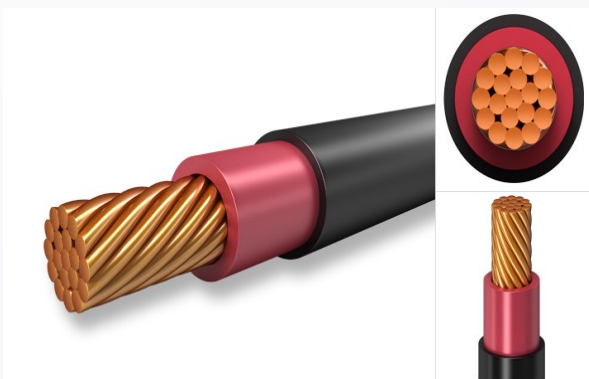

Conductors and Cables

Cathodic Protection Cables

## ELECTRICAL LINE HARDWARE

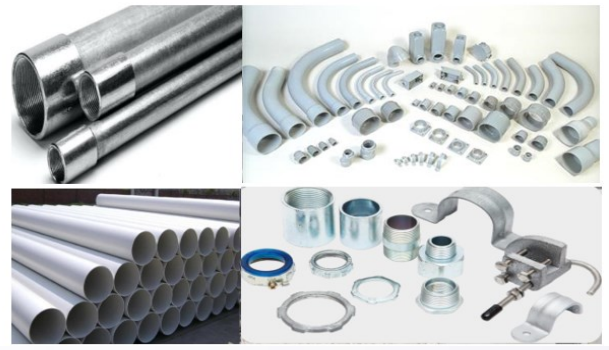

Power Cables

Bolts, Nuts, Screws, Washers

**Line Hardware**

**PVC /Steel Conduit/Pipe & Accessories**

**Pipes– Alloy Steel, Plastic/RTP**

**BRACE CROSS ARMS**

**ON/OFF ROAD VEHICLES**

**Concrete Pump Carrier Trucks**

**Foundation and Oil field Drill Rig**

**Utility Vehicles and Man lift chassis**

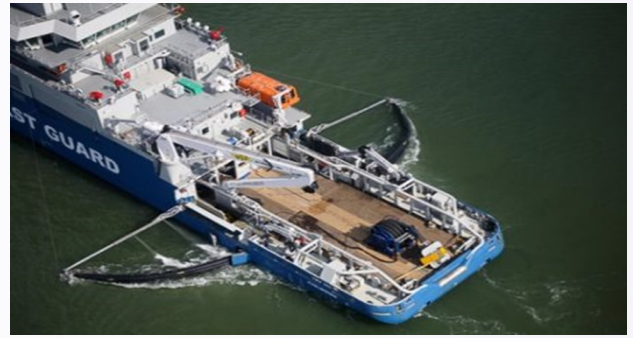

**Crane and All terrain carriers**

## OIL RECOVERY SYSTEMS

Vessel Mounted Oil Recovery Systems

In-Built Oil Recovery Systems

Oil and Debris Collectors

## HEAT TRANSFER EQUIPMENT

Flare Systems

Heat Exchangers

Air Cooled Heat Exchangers

Pressure Vessels

Waste heat boilers

Fired Heaters

Tube Bundles

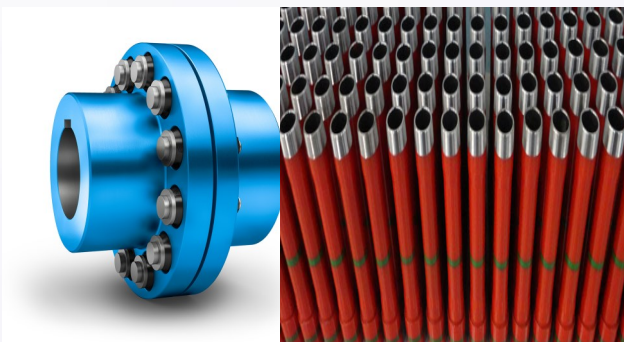

## OIL FIELD SUPPLY AND SERVICES

Casing

Tubing

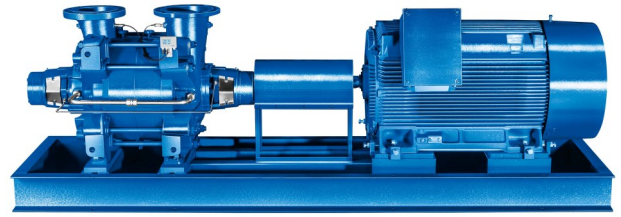

Casing and Tubing Accessories

## PUMPS

Centrifugal Pumps

Multistage Pumps

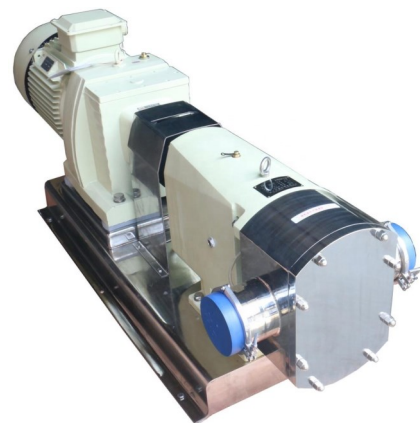

High Pressure Pumps

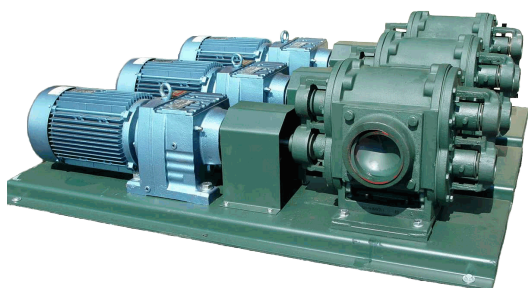

Submersible Pumps

Vertical Pumps

Lobe Pumps

Rotary Gear Pumps

Metering Pumps

## SECURITY SYSTEMS

Security Systems

Door access Control Systems

Security Control Systems

## HOSES AND COUPLINGS

Industrial Hoses

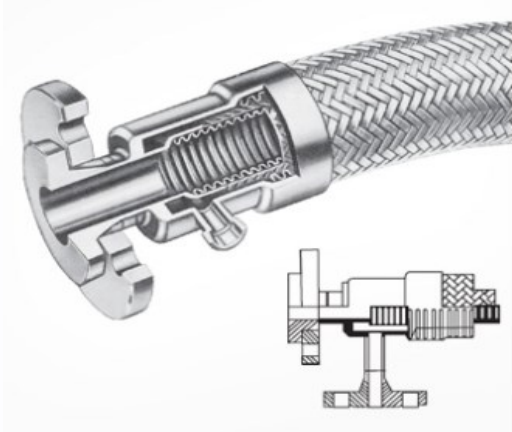

Hydraulic Hoses and Couplings

**Textile Braid Hoses**

**Spiral Wire Hoses**

**Heater and Coolant-Traced Hose**

**Sinflex RS Hose**

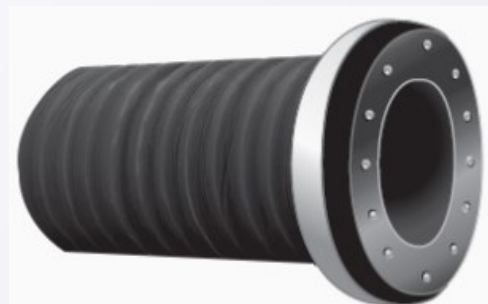

**Heater and Coolant-Traced Hose**

**PTFE Lined Composite Hose**

**PVC Hose**

**Phosphoric Acid Suction and Discharge Hose**

**Forestry Couplings**

**Brazilian Couplings**

**Italian Couplings**

**Expansion Ring Couplings**

**Storz Couplings**

**BS Instantaneous Couplings**

## WE PROVIDE

Complete specialized solutions for

- ◆ Oil Spill response and recovery
- ◆ Debris Collection
- ◆ Waste management services
- ◆ Heat transfer solutions for the Refining, Petrochemical & Syngas industries.
- ◆ Evaluation, upgrade, or replacement of the heaters (existing or new design)
- ◆ Control Systems Design and Integration, and Field and Operation Services for Gas Turbine and Rotating Equipment Design
- ◆ Cyber Security of Power Plants
- ◆ Field Services for Rotating Equipment and associated Critical Plant Systems
- ◆ Fully engineered, custom, PLC-based control systems for aero-derivative, heavy industrial and light industrial turbomachinery applications.
- ◆ Design and Integration of security systems required large installations like hospitals, manufacturing sites, Banks, City Surveillance, shopping centres and more
- ◆ Design and Integration of Solar and Wind Power Systems
- ◆ Design and Integration of Inlet chilling Systems, air emission control Systems and other Power-plant systems
- ◆ Automation and control fabrication for oil and gas industries
